

**JO'S
LEARNING
ACADEMY**

Where Each Child is a Unique Individual

Jo's Learning Academy Kindergarten Parent Commitment

As founder and president of Jo's Learning Academy, I am committed to providing children enrolled in K-4 & K-5 kindergarten program with educational foundation that will enable them to succeed in school. The kindergarten program was created to provide you access to quality education that will enable your child to learn, grow and develop in an environment that is supportive, caring and nurturing. I am committed to ensuring that Jo's kindergarten program maintains a strong emphasis on early literacy, language development, including learning a foreign language (Spanish), social/emotional skills to help students understand their feelings and how to interact appropriately with adults and peers, become independent learners and exposure to larger community through a wide variety of educational field trips and offer expanded opportunities by establishing partnerships with Wisconsin Conservatory of Music, Urban Ecology Center at Washington Park and Cardinal Stritch University.

I am committed to staffing kindergarten program with capable, experienced and DPI certified teachers and equally qualified teacher-assistants. The program administrator has extensive experience managing and leading early education & care program for 4 & 5 year old children. She is responsible for ensuring the educational goals of kindergarten program are being achieved and all children are learning, and treated with respect and dignity.

I am committed to making sure teachers establish and maintain positive home and school relationships with parents and families of children enrolled in Jo's 2 kindergarten program. I encourage all parents to establish a good relationship with your child's teacher and monitor whether goals of K-4 & K-5 are being achieved; establish methods of open/honest communication to make teacher

aware of any changes in daily life that may impact your child's behavior and/or learning and receive periodic updates on child's progress; attend school activities, including classroom visits; attend monthly parent meetings and parent/teacher conferences; and bring any concerns or problems to attention of teacher or school administrator.

Finally, Jo's Learning Academy promises upon completion of K-5 students will be reading at or above 1st grade reading level and will be able to attend top tier private schools in Milwaukee, or high performing Milwaukee Public Schools.

Sincerely,
